SHREYASH ATRE

Software Engineering Intern • Backend, Cloud & AI Systems

Pune, India (Open to Bengaluru Hybrid) | +91 9175672872 | **shreyashatre16@gmail.com** | **github.com/shreyash0216** | **linkedin.com/in/shreyash-atre-901340317**

Portfolio: **shreyash0216.github.io/Shreyash_Portfolio** | **Coding:** **LeetCode** • **Codeforces**

8.68 / 10.0 CGPA	**Java • Python • C++**	**15+ Prod APIs Shipped**	**Top 9 SPPU Rank**
B.Sc. CS (2027)	Core Systems & OOP	99%+ Data Reliability	DSA, OS, DBMS, CN

EDUCATION

Academic Foundation

Sir Parashurambhau College (SPPU), Pune — *B.Sc. in Computer Science* **CGPA: 8.68 / 10.0** | Apr 2024 – Jun 2027

Coursework: Data Structures & Algorithms, Object-Oriented Programming, Operating Systems, DBMS, Computer Networks, Software Engineering.

TECHNICAL SKILLS

Aligned with Enterprise Automation & Cloud

Languages	**Java**, **Python**, **C++**, JavaScript (ES6+), TypeScript, SQL, Dart
Software Core	Object-Oriented Design (OOD), Data Structures & Algorithms, RESTful Microservices, Multithreading, Peer Reviews
Backend Stack	Node.js, Express.js, NestJS, FastAPI (Python), JWT Auth, Role-Based Access Control (RBAC), WebSockets, Sequelize
Cloud & DevOps	PostgreSQL, Redis, AWS (RDS, S3, Amplify, App Runner), OCI, Docker, DigitalOcean, Linux Shell, CI/CD
AI & QA Tools	TensorFlow, IBM Granite Models, Gemini API, React, Next.js, Flutter, Postman API Testing

PROFESSIONAL EXPERIENCE

Production Software & Play Store Delivery

Founder & Lead Engineer — Syantrex Technologies (syantrex.online | Play: com.syantrex.erp) **Jun 2026 – Present | Pune**

- Architected and published **Syantrex ERP** on Google Play & web (NestJS, PostgreSQL, React, Flutter, RBAC) on DigitalOcean droplet with Render fallback.
- Engineered offline-first Mobile Shop POS in Flutter with real-time inventory and PDF invoicing; resolved 5 release blockers via Postman testing before rollout.

AI & Automation Intern — IBM SkillsBuild × AICTE × BharatCares **Jun 2026 – Jul 2026 | Remote**

- Built automated workflow orchestration pipelines and enterprise AI integrations using Python, IBM Granite Models, and Agentic AI (Credential ID: `BHIBMAC01877`).

Software Engineering Intern — Careasa Healthcare (Play: com.careasa.mobile) **Dec 2025 – Jun 2026 | Pune**

- Shipped **15+ production REST APIs** (Node.js/Express) for the Careasa mobile app, cutting sync errors by **~90%** via JWT auth and request validation.
- Integrated AWS RDS & S3, achieving **99%+ data reliability** across web/mobile across 15+ release cycles with zero rollbacks.

KEY ENGINEERING PROJECTS

High-Availability & AI Systems

DermaScanAI — AI Diagnostic Platform | Backend Lead **Python, FastAPI, TensorFlow, Next.js | Feb 2026**

- Built asynchronous FastAPI REST APIs serving a TensorFlow classification model (90–95% accuracy) for skin conditions. Won **2nd Prize Overall** at SP College Science Exhibition 2026.

GRA (Generative Resilience Agent) — Autonomous Decision Engine | Systems Lead **Python, FastAPI, React, AWS | Dec 2025**

- Architected Python FastAPI microservice on AWS App Runner & Amplify with CORS reverse proxying (live at `genresai.me`); sustained 99% uptime at **IIT Bombay AWS ImpactX Challenge**.

CERTIFICATIONS & TECHNICAL HONORS

- **Oracle Certified:** OCI Generative AI Professional
- **Top 9 Rank:** SPPU Inter-College CS Quiz (DSA, OS, DBMS, CN)
- **DevOps Excellence:** SPPU ACM Chapter Workshop
- **Scaler:** Docker & Kubernetes Fundamentals
- **National Finalist:** AWS ImpactX, IIT Bombay (Techfest 2025)
- **Appreciation Letters:** Quick Heal Cyber Shiksha & SP College
